On 05-18-2013, HCVPD patrol officers responding to a suspicious vehicle complaint apprehended two subjects arising from their initial field investigations of Burglary of a Habitation, Burglary of a Vehicle, Theft of a Firearm, and narcotic possession which had just occurred. During the ongoing criminal investigation into those multiple offenses, a cell phone listed in the property report was discovered to belong to a resident of Hidden Forest. Upon the detective contacting the female regarding the cell phone, she related her vehicle had been broken into during the early morning hours of 05-18-2013. The female said she did not initially report the burglary as she didn't believe the items could or would be recovered. The female noticed during her morning walk on 05-18-2013, numerous papers on the ground around her vehicle and in the street. She said when she retrieved the items; she discovered the items were business cards of hers that had been inside her vehicle. She thought she had locked her vehicle the night before but discovered a door unlocked and no signs of forced entry. When informed her property was recovered during the arrest of the two suspects, she was instructed to report the incident to the San Antonio Police Department if she desired. After speaking to the female further, it was discovered that HCVPD was in possession of other property stolen from her vehicle that morning. The female was told she could retrieve her property once it was processed for evidence.

**Offense: Assist the Public**

**Date: 05.25.13**

**Time: 0749 hours**

**Location: South Tower @ Aspen Lane**

During the heavy rain storms, an officer came upon a vehicle stalled in a low water area. The officer initiated his emergency lights and parked at the intersection of South Tower and Aspen Lane. Due to the fast moving water, the officer was unable to drive the patrol vehicle into the water to assist the stranded motorist. The officer was worried the patrol car would have also stalled. While the officer was standing there, a citizen drove by in a pickup truck. The citizen asked the officer if he need assistance. The officer took him up on his offer. The officer climbed into the bed of the truck and the citizen drove the officer to the motorist stranded in the water. The officer helped the female out of her vehicle and into the bed of the truck. They were then driven back to safety. The female called for a wrecker to retrieve her vehicle. The officer closed South Tower at the water crossing until the water receded. The officer resumed patrol.

**NOTE:** Officers received several alarm calls during the heavy storms. Officers were unable to gain entry onto some of the properties because HCVPD had an incorrect gate code or no gate code at all. Please call HCVPD and update your gate code. If there were a medical emergency or a fire, any delay could mean a matter of life or death.
