Time: 1045 hours

Location: 15700 blk San Pedro

An officer was contacted by a restaurant manager on the city cell phone. She said at approximately 1045 a heavy set male came through the drive through in a white Toyota Avalon. The manager said after he paid for his food he began arguing with the employee working the drive through saying that she had not given him the correct amount of change and had shorted him \$23. The employee asked him to pull ahead and she would count out her register to see if she was over. At that point the man became very loud, intimidating the drive through worker and she then gave him the \$23 without counting the register. After he left they counted out the register and realized it was now \$23 short. The manager was able to find out from other restaurant locations that this individual had done this scam on a number of other locations. The manager called because she needed a report for management.
