Offense: Wanted Person/Unlawful Possession of a Firearm

Date: 09.17.13

Time: 0145 hours

Location: 15700 blk San Pedro

An officer was conducting a business check due to recent burglaries in the area. At approximately 0145 hours, the officer observed a truck parked next to a closed business. The truck was not running, but did have headlights on. The officer pulled behind the truck and observed a male subject standing outside of the truck. The male appeared to be looking for something inside the truck. The officer exited the patrol car and contacted the male. The male said everything was okay; he had just stopped to get his cell phone which had fallen on the front floorboard. The male had a cell phone in his hand and proceeded to remove a second cell phone from the floorboard as the officer was talking to him. Once he had found the phone, he sat down in the driver seat. The male appeared to be a little disoriented, but the officer did not detect the odor of an alcoholic beverage coming from the male or the vehicle. Before doing a computer check, the officer asked the male if he had been arrested before, to which the male said he had. The officer asked him for what, and the male said "Family Violence and Controlled Substance". The officer asked the male if he had anything in the truck that shouldn't be in there and he responded "no". The officer returned to the patrol car to run a computer check on the male. While doing this, the male exited the truck, shut the driver door and stood near the rear bumper of the truck. The computer return came back showing two possible San Antonio Municipal warrants for his arrest. The male was detained at that time. The officer began an inventory of the truck prior to impoundment. The officer asked the male a second time if there was anything in the truck that the officer needed to know about. This time he told the officer his rifle was on the back floorboard. The officer returned to the truck and opened the driver side front door. In plain sight, there was a high capacity metal rifle magazine sitting on the front center console with live ammunition in the magazine. The officer moved the front seat forward and observed, in plain sight, a green soft sided rifle case lying on the back floor board. The rifle case was opened by the officer to ensure no live ammunition was chambered. Once the case was open, the rifle was determined to be an assault style rifle. There was not a magazine in the assault rifle or rifle case. No live ammo was discovered inside the assault rifle chamber. The total number of live

rounds found during the inventory was 17. Due to the fact that a person cannot possess a firearm after being convicted of Family Violence, the rifle was removed from the truck for safekeeping. The male was then booked into jail.
