Road Maintenance Fund

The Road Maintenance Fund is used to maintain and repair municipal streets that existed on the date of the election to adopt the tax, November 2, 2004. It may not be used to build new streets. "Street" is defined as the entire width of right of way designated by a city for vehicular travel. The term does not include a designated state or federal highway or road or a designated county road. The funding source for these funds come from a ¼ cent sales tax on goods sold in the City. Funds began to be collected in April 2005 and were first deposited in the City Treasury in June 2005 (Comptroller's two-month turn-around time). These funds are budgeted and controlled by City Council. Under current law, this tax expired four years after it takes effect (March 31, 2009) and may be re-authorized by voters prior to the expiration date. The City held an election on November 2012 for this purpose and the voters re-authorized the tax. The reauthorization tax now expires on March 31, 2016.

The City Engineer provided an estimate to repair the roads in 2006 that totaled \$1,014,003. The City Council has embarked on a road/drainage maintenance project for this fiscal year. Estimates for the project are at \$1.5 million.

Policy Consideration:

On February 2, 2002, City Council held an election to determine the funding of the Road Project-Phase II & III as well as that of a proposed City Hall. Throughout the planning phase of the two projects, costs for both projects increased beyond funds planned. Voters approved transferring funds from the City Hall project to fully fund the Road Project. Although the Road Maintenance Fund continues to build at a rate of \$150-175,000 per year, street repairs are costly and the City Council should consider tapping into the General Fund or raising property taxes.

Special Revenue Funds

Program Description :

Though the Special Revenue Funds only account for a fraction of the City's revenues and expenses, the majority of the City's funds are grouped together in this category to provide a quick summary of programs. Each fund exists for a special purpose and must be accounted for separately from the City's other funds. Each fund listed in the coming pages is a self-balancing chart of accounts. The subsequent pages contain a description, use, revenues, expenditures, and balances by fund.

Grants-in-Aid

The City receives grants to help fund special projects. Funds from federal and local sources support such programs as officer redeployment and emergency management operations. Grants appearing in this fund vary from year to year as some expire and new ones become active. Currently, all grants' budgets appear under this blanket fund. The City's cash match, if any, for all grants are appropriated through a transfer of funds from another fund such as the General Fund or Economic Development Corporation. The FY 2013-14 proposed budget reflects no new grant applications. This fund also represents the School Crossing Guard and expenditures which does reflect appropriations. All appropriations are controlled by individual grant.

Vehicle Replacement Fund

The Vehicle Replacement Fund, formally known as the Capital Replacement Fund, was started in FY 2003-04 and allows for the accumulation of money over time to replace certain big-ticket capital items such as vehicles and computers. By budgeting a fixed amount each year, from the general fund a single year's budget will not be impacted when large-ticket items need replacement. FY 2005-06 saw the first expenditures out of the fund for the replacement of four patrol cars. Public Works began budgeting for a new truck in FY 2006-07. The Fund will track Police and Public Works funds separately.

Venue Tax Fund

The Venue Tax Fund (a.k.a. Motor Vehicle Rental Tax) accounts for revenues and expenditures collected from car rental companies located in the City. Chapter 334 of the Texas Local Government Code describes a venue project to include the planning, acquisition, establishment, development, construction, and renovation of a venue project or "a project authorized under Section 4A or 4B of the Economic Development Corporation Act of 1979 (Article 5190.6, Vernon's Texas Civil Statutes), as that Act existed on September 1, 1997." The act at the time allowed for the funding of Public Safety items such as fire, police, and ambulance services and related equipment. The act also allowed for these funds to be used for infrastructure projects benefiting businesses. As per state statute, these funds are budgeted and controlled by City Council.

The Motor Vehicle Rental Tax, also known as the Venue Tax, may be imposed by jurisdictions on rentals of motor vehicles for items including public safety. This 2 percent tax on motor vehicle rentals was adopted by the City Council on September 21, 2000 and made effective November 1, 2000 following an election held August 12, 2000. The City Council may increase this tax up to 5 percent as per enabling vote. Prior to May 2003, this tax was accounted for in the Economic Development Corporation. At that point, City Council elected to utilize these funds to help pay for the Emergency Services Interlocal Agreement with the City of San Antonio. A new fund was created to account for these monies.

Policy Consideration: The current tax rate is 2 percent. The City may raise this tax up to 5 percent based on the wording in the enabling vote by voters of Hill Country Village. The City has one rental car location. Hill Country Village can increase this tax, but should be mindful that by increasing this tax, it may affect the decision of this one firm to continue to do business in the City.
